

Festive Ornament Scoop Sensory Bin

This festive sensory bin is fabulous for kids who like sensory bins, water transfer and of course, the holidays.

And if you buy baubles from the dollar store, or use ones you already have, it's a very cost effective kids activity too.

What you'll need

- Food Coloring
- Ladle
- Baubles
- Water
- Bin

Steps

1. Pour green colored water to the one sensory bin
2. Add the festive baubles and a few laddles to the green water
3. Add another sensory bin next to the water filled one, leaving it empty
4. Invite your kids to play

Kids will learn about:

Sensory
Hand-eye Coordination
Colour Recognition
